

Sports Turf

Molasses Kings Plant Juices are first and foremost focused on delivering the ideal amount of Molasses to your plant and soil systems.

Our goal for optimum soil microbiology and plant benefits is for our customers to apply 2-5 gallons of our molasses forward Plant Juices per acre, per application.

The 3 Kings Program

Cool Season Sports Turf

- Apply 1 gallon per acre of each Molasses Kings Plant Juice during the active growing season.
- Apply the 3 Kings at an interval of every 10 days.

Begin applications just prior to soil temperatures reaching target window. End applications just following soil temperatures falling below target windows.

Estimated growing season is 7 months.

MK Plant Juice	Apps/ Month	Rate Gal/ Acre	Est. Grns/ Acre	Gal/ Month	Growing Season	3 Kings Total
The Sweet Heat	3	1	10	30	7	210
The Mojo	3	1	10	30	7	210
The Sea Sugar	3	1	10	30	7	210
